Watch this fascinating video of the future astronauts.

Describe the people that are presented in the video. Do they match the expected attributes?

Online research

The videos and texts are from 2012. Do some research online to find out how the Mars One project is doing. Write up your findings in a very short report (50-100 words max).

Voluntary writing exercise

Write a composition: "Flying to Mars - a waste of money and resources or the greatest adventure of mankind?".
